

ABAC JOURNAL

CALL FOR PAPERS

The Editorial Committee of the *ABAC Journal* welcomes submissions of articles from its readers. The *Journal* will consider articles treating topics of wide interest in business and economics, the humanities, including philosophy, literature, and religious studies, and the social sciences. Because the *Journal* is intended for a wide audience in the academic community, submitted articles should address topics that will interest a readership outside the author's area of specialization and should be written in a style that can be understood by non-specialists. All papers received will be subject to a blind review process in which they are evaluated by a panel of scholars who are unaware of the identity of the author. If you have any questions whether a topic would be appropriate for submission to the *ABAC Journal*, you may wish to contact the Managing Editor in advance.

INFORMATION FOR PAPER SUBMISSION

Electronic submission is highly desirable. Should electronic submission be impossible, the following procedure is required: manuscripts must be typed double-spaced throughout (including endnotes) on A4-sized paper or equivalent and should be between 15 and 20 manuscript pages, including charts, notes, and appendices. Authors are encouraged to supplement the typed copy of their manuscripts with an IBM format computer disk, using **Microsoft Word (Version 2.0 or later)**. Authors should place their names on the cover page but the name should not appear on headers or elsewhere in the body of the article.

It is expected that all authors will conform to accepted scholarly standards concerning references; given its interdisciplinary orientation, however, the *Journal* does not impose any single style of references on its contributors.

Attached to all submitted articles must be a 150 word abstract and a statement containing the author's present academic or nonacademic position and an address where he or she may be contacted by the editors or interested readers. To facilitate communication with the editors, authors are encouraged also to include fax numbers and/or E-mail addresses at which they can be contacted. Authors will be expected to correct proofs of their articles in a timely manner.

Articles currently under submission for publication to other journals will not be considered for publication in the *ABAC Journal*. The Editors of the *ABAC Journal* will make every effort to make a decision on the acceptability of an article, as is or in a substantially revised form, within ten weeks of submission and will contact authors promptly once such a decision is made. All articles will be acknowledged, but none will be returned to their authors.

PLEASE SEND YOUR MANUSCRIPT TO

ABAC JOURNAL

Assumption University of Thailand, Hua Mak Campus,
Ram Khamhaeng 24 Rd., Hua Mak, Bangkok 10240, Thailand

CALL FOR PAPERS

INTERNATIONAL JOURNAL OF THE COMPUTER, THE INTERNET AND MANAGEMENT

Assumption University, Bangkok, Thailand, publishes the International Journal of The Computer, The Internet and Management (IJCIM) three times a year, in collaboration with the Thailand Chapter of the Association for Computing Machinery (ACM), the Thailand Joint Chapter of the Computer Society, the Engineering Management Society of the Institute of Electrical and Electronics Engineers (IEEE), the Thailand Chapter of the Internet Society, Thailand Internet Association, Asia-Pacific eLearning Association, Prof. Dr. Srisakdi Charmonman Foundation and the AU Student Chapter of the IEEE.

The journal publishes editorials and technical papers, and covers a range of the many topics that are of interest to the community of computer and engineering managers and professionals. The journal aims to break down the barriers that often stand between highly specialized groups of people and seeks to provide the community in general with news of the latest developments throughout the field.

The Editors of the journal encourage professionals and academics working in Computer Science, Information Technology, Computer Engineering, Internet Technology, Tele-communications and Engineering Management to consider submitting articles that deal in any way with (1) methods, techniques, and theory of computer, internet technology and management in general (2) the relation of computer, the internet and management technology to social and political issues, (3) the application of computer, the internet and management technology to business and governmental agencies, (4) the use of computers, the internet and management technology in the developing world, and (5) the philosophical and ethical issues associated with the development of computer, the internet and management technology.

The Editor-in-chief, in consultation with his editorial staff, will make every effort to make a decision on whether to accept any submitted article, either in its original form or with revisions, within fifteen weeks of submission and will contact authors promptly once such a decision has been made. All articles will be acknowledged, but none will be returned to their authors.

Information for Paper Submission

All papers must be written in English. Electronic submission is highly desirable. Should electronic submission be impossible, please submit three copies of a double-spaced full paper manuscript of not more than 28 pages in length including tables and graphs. Papers should be in conformity with scholarly proprieties with full citations and references. All articles should be double spaced and submitted in triplicate.

We would appreciate it if a file containing text, charts, figures and tables be submitted in Microsoft Word for Windows (Version 6.0 or later) together with a copy in PDF format as email attachments.

Attached to all submitted articles must be a 150 word abstract and a statement containing the author's present academic or nonacademic position and an address where he or she may be contacted by the editors or interested readers. To facilitate communication with the editors, authors are encouraged to include a fax number and/or an Email address at which they can be contacted. Authors will be expected to correct proofs of their articles in a timely manner.

Please be advised of a new IJCIM policy: Effective January 1st, 2008, the journal will be forced to institute a charge of US \$50 per page for research papers. Regarding author alterations, a charge of US \$3 will be imposed per change. We regret this change of policy but the substantial expenses incurred by Assumption University Press requires that it be instituted. We believe that the journal is performing a substantial service to the professional community it serves and to the individual authors and thus the charge is fully justified.

After an author has received an email of the acceptance of the paper for publication in the IJCIM, with a determination of the number of pages it will occupy in the journal, full receipt of the funds, transferred to the account below, must be received within seven days. If payment is not obtained during this period, the publication will be delayed until payment is made, often resulting in a postponement until a future issue.

Effective January 1, 2008 the following page charges will be enforced.

Type of Charge Charge

Paper manuscript	\$50	per page
Author alterations	\$3	per change

To transfer money to **Assumption University Press**, please use the following information:

Account Name: Internet Association

Account No: 418-1-18607-5

Bank Name: Bank of Ayudhaya, **Assumption University**, Bang Na Branch

Bank Address: 88 Moo 8, Bang Na-Trad Highway, Km. 26, Bang Sao Thong,
Samut Prakarn, 10540, Thailand

AWIFT Code: AYUDTHBK

Please send articles to:
