

CALL FOR PAPERS

The **ABAC Journal**, which is a **peer-review journal with blind review process**, welcomes submissions of articles and **book reviews** from its readers. The **Journal** will consider articles treating topics of wide interest in business and economics, the humanities, including philosophy, education, literature, and religious studies, and the social sciences. Because the **Journal** is intended for a wide audience in the academic community, submitted articles should address topics that will interest a readership outside the author's area of specialization and should be written in a style that can be understood by nonspecialists. At this time the **Journal** is particularly interested in publishing review articles that present to a non-specialist readership the current state of research and theory in a particular area of scholarly interest.

All papers received will be subject to **blind review process** in which they are evaluated by a panel of scholars who are unaware of the identity of the author. If you have any questions whether a topic would be appropriate for submission to the **ABAC Journal**, you may wish to contact the Managing Editor in advance.

Information for Paper Submission

Electronic submission is highly desirable. Should electronic submission be impossible, the following procedure is required: manuscripts must be typed double-spaced on A4-sized paper or equivalent and should be **between 15 and 20 manuscript pages, including charts, notes, and appendices**. Authors are encouraged to supplement the typed copy of their manuscripts with an IBM format computer disk, using **Microsoft Word (Version 6.0 or later)** and mail to the Managing Editor of the **ABAC Journal**. Authors should place their names on the cover page but the name should not appear on headers or elsewhere in the body of the article.

It is expected that all authors will conform to accepted scholarly standards concerning references; given its interdisciplinary orientation. However, the **Journal** does not impose any single style of references on its contributors.

Attached to all submitted articles must be a **150 word abstract** and a statement containing the author's present academic or non-academic position and an address where he or she may be contacted by the editors or interested readers. To facilitate communication with the editors, authors are encouraged also to include fax numbers and/or E-mail addresses at which they can be contacted. Authors will be expected to correct proofs of their articles in a timely manner. **For Thai authors, it is required that the abstract be translated into Thai. For foreign authors, the translation into Thai will be done for them.**

Articles currently under submission for publication to other journals will not be considered for publication in the **ABAC Journal**. The Editors will make every effort to make a decision on the acceptability of an article, as is or in a substantially revised form, within ten weeks of submission and will contact authors promptly once such a decision is made. All articles will be acknowledged, but none will be returned to their authors.
